VERTO recognises the AQF Qualifications and Statements of Attainment issued by any other Registered Training Organisation. Credit transfer may be granted for Unit(s) of Competency completed by a student within the last two years, subject to a validity check.

Recognition of prior learning (RPL)
Recognition of Prior Learning assessment is available to all VERTO students. RPL involves the assessment of previously unrecognised skills and knowledge an individual has achieved outside the formal education and training system. RPL is an assessment process that assesses this informal learning to determine the extent to which that individual has achieved the required learning outcomes or competency outcomes. RPL Assessment does not include any additional training at the unit of competency level.

Applying for recognition
Students wanting to apply for Recognition of Prior Learning should contact VERTO to request a Recognition Kit. You may undergo the following steps as part of the recognition process:

1. Identify which Competencies or learning outcomes in which you already have competence.
2. Contact your assigned trainer/assessor to arrange a recognition interview. Should you decide to proceed, you will need to complete a Skills Recognition Kit.

The main assessment pathways to a qualification are as follows:

- Off-the-job training and assessment
- Workplace assessment
- Recognition of prior learning

Conducting assessment
When conducting assessment, VERTO ensures it has personnel with appropriate qualifications and adheres to the requirements of the Training Package and the Standards for Registered Training Organisations 2015.

VERTO ensures that the personnel conducting assessments use appropriate methods for recording, storing and accessing assessment outcomes.

Assessment activities undertaken by VERTO use the following methodology:

1. Assessments are fully explained to students. Throughout accredited training, students are regularly reminded of the ongoing availability of assessment.
2. Opportunities for Recognition are also discussed, as are any available flexible methods of assessment. The appeals and reassessment process is also outlined.
3. The assessment requirements of the unit(s) of competence/module(s) are outlined, and any particular arrangements for the workplace/training environment are organised.
4. All evidence-gathering methods remain reliable, flexible, valid and fair.
5. As assessments are undertaken, trainers/assessors record individual student assessment results.
6. Post-assessment guidance is available to students.
7. A fair and impartial appeals process is available.
8. Evaluation of assessment processes and procedures is gathered on an on-going basis.

Material handed in to your trainer as evidence must be retained by VERTO for compliance reasons. This will not be returned to the student. We advise you to keep a copy of all assessments you submit.

Course completion and re-assessment
All Nationally Recognised Training will be assessed by competency based assessment. At the commencement of the course the Trainer/Assessor will discuss the methods of assessment used to determine competence. Students will be assessed as COMPETENT or NOT YET COMPETENT in their ability to meet ALL of the elements of competency, performance criteria and other evidence requirements as set out in the nationally endorsed competency standard.

Should an assessment be deemed ‘Not Yet Competent’, students have two (2) opportunities to resubmit in order to achieve a ‘Competent’ outcome.

Two weeks beyond the course completion date is allowed for completion of all assessment tasks. After this period your enrolment and results will be finalised. If you are assessed as NOT YET COMPETENT this means that you will need to provide more information or evidence, or demonstrate again the task or the activity involved. How and when you do this will be negotiated with your trainer and/or assessor.

If you wish to build on your studies in the future you are welcome to enrol by contacting 1300 4 VERTO. Our customer support team will assist you with information on relevant courses available, course fees etc.

The information may be disclosed to the National Centre for Vocational Education Research (NCVER) and/or an agency authorised to undertake surveys. We do not sell or give away our customer lists. ACCESS, EQUITY, STUDENT SELECTION AND ADMISSION

Every student who meets the entry requirements (if applicable) as prescribed by the appropriate Training Package or funding body will be accepted into any training/assessment course. In addition:

• VERTO incorporates the principles of equity into all courses.
• VERTO’s employees are instructed in their responsibilities with regards to access and equity principles.
• Students have equitable access to courses irrespective of their gender, culture, linguistic background, race, location, socio-economic background or disability.
• Some courses may have a limited number of vacancies and these will be filled in chronological order of completion of enrolment and payment of fees if applicable.

Enrolment procedures will therefore be free of discrimination, and if an individual does not meet entry requirements, all attempts are made to assist them to identify alternative courses of action.

All students are encouraged to check the My Skills website prior to enrolling in a course to ensure the qualification or course meets their career goals and is recognised by the particular industry.

The following website will assist students to do this: www.myskills.gov.au

Language, Literacy and Numeracy

VERTO recognises that all vocational training includes language, literacy and numeracy tasks and ensures all VERTO trainers and assessors provide:

• Materials, resources and assessment tools and tasks that do not require students to have language, literacy and numeracy skills of more complexity than those used in the workplace for the competencies being taught or assessed.
• Opportunities for repeated and supported practice; and
• Opportunities for independent practice.

VERTO encourages any student who feels they may experience difficulties in reading, writing and numeracy to advise their trainer or representative prior to the course commencement.

Assistance will be made available through experienced trainers supporting students with language, literacy and numeracy needs. Where a prerequisite for training requires a particular level of literacy and numeracy, or other entry skills, an assessment will be undertaken.

The assessment will involve learning, reading, writing, oral communication and numeracy questions to determine LLN skills at the time of enrolment. A VERTO representative will conduct this assessment.
The assessment will help to establish entry to a course/training course and will help identify where special training and support resources can be utilised during the course.

Where some students require additional practice and training VERTO can arrange appropriate language, literacy and numeracy support.

**Student welfare, guidance and support services**
All students enrolled with VERTO are treated as individuals and are offered advice and support services that assist them to achieve their individual outcomes. VERTO does not offer formal welfare or guidance services but every effort will be made to assist students to access appropriate support agencies. Students may contact their trainer for further information and support.

**MARKETING**

VERTO will market and advertise products and services in an ethical manner following the Standards for RTOs 2015. VERTO will promote its products and services with integrity, accuracy and professionalism, avoiding vague and ambiguous statements. In the provision of this information no false or misleading comparisons will be drawn with any other provider or course.

Specific course information, including content and vocational outcomes is provided to students prior to enrolment.

**Ethical Marketing Practices**

1. VERTO will adopt policies and management practices which maintain highly professional standards in the marketing and delivery of its products and services and which safeguard the interests and welfare of all students.

2. VERTO will maintain an educational environment that is conducive for all students to achieve the predetermined five (5) competencies.

3. VERTO will always gain a student’s written permission before using information about the individual in any marketing materials and will respect any conditions of permission imposed by the student.

4. VERTO will always accurately represent training products and services to prospective students.

5. VERTO ensures that students are provided with full details of conditions in any contractual arrangements with the organisation.

**Accurate and clear marketing**

Where advertisements and/or advertising material refer to VERTO’s RTO status, the products and services covered by the organisation’s scope of registration are clearly identified. VERTO only advertises the AQF qualifications it is registered to issue.

Advertisements and advertising materials used by VERTO identify Nationally Recognised Training separately from courses recognised by other bodies and without recognised status.

The names of Training Packages, qualifications and/or accredited courses listed in advertising materials utilised by VERTO comply with the names/titles recognised by ASQA. Full information on specific courses is available from VERTO prior to enrolment.

**Social Media Use**

Issues or material that could identify and adversely affect a fellow student, staff member or the organisation must not be placed on any social networking sites, unless otherwise authorised.

**CONFLICT OF INTEREST**

**Referrals between Courses and/or Services**

VERTO is committed to ensuring that clients and students who access more than one service offered by VERTO do so in the knowledge that VERTO employees will always recommend the most appropriate option for the individual regardless of whether the provider of that service is a competitor of VERTO. The decision about the “most appropriate option” will be the option that optimally meets the individual’s needs.

Where a client/student chooses a VERTO service, employees will gather appropriate information about why the client/student made that choice, rather than choosing a service offered by another provider. This information may be made available to funding bodies to prove no conflict of interest. VERTO employees will never coerce or apply undue pressure on a client/student to choose a VERTO course or service.

**Seeking referrals for non VERTO interests**

VERTO employees must not use information obtained in the course of their training and/or assessing duties to gain a monetary or other advantage for themselves or for any other person. VERTO employees should avoid situations in which private interests, whether monetary or personal, conflict or might reasonably be thought to conflict, with their responsibilities and duties for VERTO. This includes but is not limited to, advertising personal consultancy services during a course without prior agreement from VERTO. If the situation is unclear, but it is thought conflict has or may occur, the details should be discussed with your Coordinator/Trainer/Assessor.
